Dear Students and Parents,

Experience the exciting world of martial arts. We have a great summer karate camp that is full of kicks and really packs a punch. Children will learn about the importance of exercise and taking care of their bodies. We have fun activities designed to improve balance, focus, concentration, discipline and self-control. Each afternoon we have squirt gun fun so, students should bring a bathing suit or shorts and a towel if they want to participate.

And parents, you will appreciate the benefits of respect, courtesy and self-discipline your child will learn at our karate camp. This summer choose a unique activity that will make a positive difference in your child's life. You'll be glad you did!

Call or email today to reserve your child's space with a \$25 deposit. I look forward to seeing you at Kamp!

Yours in the arts,

Reggie
